ABOUT ME

Career switcher with 3+ years of experience in content operations, including 2.5 years with the VietnamWorks inTECH brand, and hands-on exposure to workflow automation, APIs, JSON, HTML, and AI-assisted code customization. Configured and tested n8n and Remotion workflows for real business use. Seeking structured JavaScript training through NAB WeCamp to strengthen programming fundamentals and transition into software engineering.

TECHNICAL SKILLS

- **Foundations:** HTML, basic JavaScript concepts, JSON, API concepts, SDLC fundamentals
- **Tools:** GitHub, n8n, Docker, Google Sheets, Remotion, Node.js, FFmpeg, command line
- **Technology exposure:** React and TypeScript through AI-assisted template customization

TECHNICAL PROJECTS

AUTOMATED PROPERTY LISTING WORKFLOW | n8n, Docker, JavaScript, HTTP API, JSON, Google Sheets

- Configured and tested a local scheduled workflow that retrieves listings by ZIP code, price range, and property criteria; filters JSON responses, compares results with existing records, and appends new matches to Google Sheets.

AUTOMATED TEXT-TO-VIDEO PIPELINE | Remotion, React, TypeScript, Node.js, JavaScript, APIs, FFmpeg

- Customized an existing template with AI-assisted development, modifying brand settings, layouts, captions, graphic components, voice selection, API connections, input structure, and rendering logic; used the workflow to publish Facebook Reels for two Texas real estate teams.

WORK EXPERIENCE

ETHAN REALTY GROUP | CONTENT CREATOR (Remote, Part-Time)

MAR 2026 - PRESENT

- Grew an early-stage Facebook page from fewer than 100 to 2,041 followers organically, generating 537,477 views, 7,561 interactions, 10,093 page visits, and 1,698 link clicks through a six-post-per-week schedule with no paid advertising.
- Built a repeatable content operation covering planning, performance tracking, listing-data verification, short-form video production, and reusable brand templates; produced a top property video with 70,000+ views and 904 interactions.

WIN NGUYEN REAL ESTATE GROUP | CONTENT CREATOR (Remote, Part-Time)

AUG 2025 - PRESENT

- Built an editorial calendar and monthly reporting process; organic performance from Oct 2025 to Aug 2026 increased 75% in views, 146% in interactions, and 590% in link clicks compared with the same period one year earlier.
- Independently researched, produced, and published educational videos and listing content, including a knowledge video with 186,713 views and 1,267 interactions and an image listing with 127,559 views and 77 link clicks.

NAVIGOS GROUP - VIETNAMWORKS INTECH | MARKETING COMMUNICATION EXECUTIVE

OCT 2022 - APR 2025

- Solely managed the technical blog, researching, translating, and editing 300+ bilingual SEO articles across software development, AI, data, cloud, cybersecurity, and programming topics; achieved 134% of the annual session target.
- Interviewed Product and Engineering professionals and translated complex concepts into accessible content; contributed to the bilingual IT Market Report, which generated 7,000+ first-month views and was cited or republished by 60+ media outlets.
- Supported communications for NAB Security Jam, collaborating with NAB, AWS, and FPT University stakeholders on campaign content and an executive speech for a coding competition involving 32 student teams.
